DEDICATIONS

Mr. Graves

Mr. Dan Graves has been our music teacher and an inspiration for students over the years. He has been teaching with our district for 27 years and for 34 years total! For eight years, he also gave private music instruction. Mr. Graves has been into music his whole life and even had his own band. He is an amazing man with a big heart. He always shows kindness wherever he goes! Thank you Mr. Graves for all your hard work and dedication to your students and community at large. You will be greatly missed by not only the Fine Arts Department and students but by the school as a whole as well.

Mr. Lower

It has been a great honor to have Mr. Fred Lower as an Art teacher here at Rutland High School. Mr. Lower has dedicated the last 21 years to teaching at RHS, in addition to his time teaching in NYC. Mr. Lower has made a huge impact on all of us. He has encouraged all of his students to express their creativity through their artwork and has always brought a positive attitude to class. We thank him and feel deep appreciation for the sharing of his time and talents with all of us at Rutland High School. He will be greatly missed by not only the Fine Arts Department and students but by the school as a whole as well.

How COVID-19 changed our lives

Nov. 2019

A novel coronavirus was first identified in China's Hubei province. The disease it causes attacks the lungs and causes rapid onset of pneumonia in already immunocompromised patients.

The first American case was diagnosed in Washington state. The illness rapidly spread across the globe, endangering mostly older adults and those with underlying and chronic health conditions, including lung disease, heart disease and diabetes.

Photo provided by CDC.gov

The World Health Organization (WHO) names the virus SARS-CoV-2 (Severe Acute Respiratory Syndrome Coronavirus 2) and the disease it causes COVID-19 (Coronavirus Disease 2019). Worldwide death toll is 1,107.

2/11

First US COVID-19 death

1 new case in Mexico

3 new cases in United States

5 new cases in Canada

Canada had 118 cases. United States had 1,267 cases. Italy had more than 12,000 cases.

The WHO declared SARS-CoV-2 a pandemic, which meant the 118,000 cases and more than 4,000 deaths worldwide required more specific and targeted attention and resources.

To slow the virus's spread, the US suspended European travel for 30 days.

Provinces, states and cities continued to implement strict measures to slow the spread of the virus. The movement, called "flatten the curve" prompted entertainment, bar and restaurant closures across the US and Canada. By Monday, all NBA, PGA, MLB, MLS, NASCAR, NHL, and NCAA sporting events were either canceled or put on hold for two or more weeks. Some especially hard hit areas, including seven counties in California, put a three-week-long "Shelter in Place" home restriction on citizens, requiring they leave their homes only for essential needs. Workers in essential services (emergency and medical, banks, grocery, pharmacy and food service) were exempted from the restriction, so they could work.

17 St. Patrick's Day Celebrations were canceled (even in Ireland). Nonessential services (salons, movie theaters, shopping malls, etc.) were closed for 30+ days in many states. The Canadian-US border was closed to travel (but not trade) in a mutual agreement.

12 Canadian Prime Minister Justin Trudeau and wife Sophie Grégoire Trudeau self-isolated after she experienced symptoms. He was cleared, but she had the virus.

16 US states closed schools to reduce spread of the virus:
Alabama West Virginia New Mexico
Wisconsin Illinois Oregon
Maryland Pennsylvania Virginia
Ohio Louisiana Utah
Kentucky Rhode Island
Washington Michigan

US declared a national state of emergency.

• Canada reported 341 cases.
• More cases were reported outside mainland China than inside it for the first time in the history of the disease.
• The largest school district in the US, NYC Public Schools, closed.
• The CDC suggested a community ban on all gatherings of more than 50 people for at least eight weeks.

• The US reported 2,816 confirmed cases and 58 deaths.
• Fifteen states activated National Guard troops to assist with virus-related concerns, including regulating the flow of medical supplies, food and shelter.
• Canadian provinces canceled schools as the numbers of infected rose.

Working Together to Keep Us All Safe From CoVid 19

Spring sports pictures will be in the yearbook for 20-21 because of our school closure interrupting the start of spring sports. While this has been a disappointment for us all, it is for the greater good. To remember how everyone stood together to make the transition to home schooling work for everyone, here are some pictures of our RHS Community working from home, distributing computers, preparing lunches to bring to pick-up locations, gathering routers for distribution, and a little humor too. Thank you all for the hard work, meals and dedication.

Teaching and Learning Online: A New Adventure

Mr. Lower teaches students how to draw using YouTube videos he creates. Love the pencil Mr. Lower! He makes it look easy...

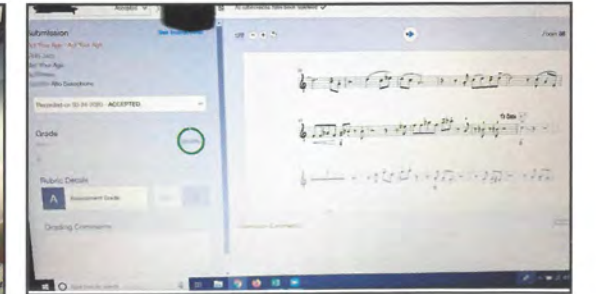

Mr. Peterson is also using YouTube to give lesson overviews to his AP Students. Here is one on US Isolationism and he is dressed in his 1930's attire for authenticity.

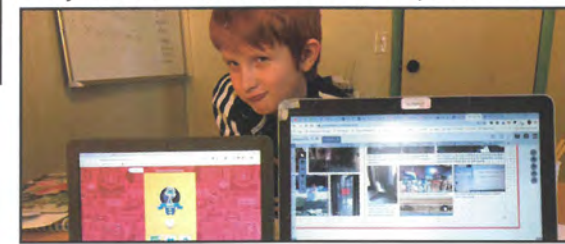

Ms. Browdowski's chair broke while on video chat with a student! She just got up and kept going!

Why does the unicorn look so surprised????

Innovative way of teaching music! Raiders don't miss a beat!

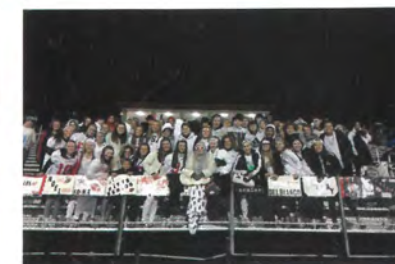

We may feel like we are on the Island of Misfit toys, but it's just home school!
